DEAR DR.HOSHEL

Re: Patient Name: **ERB'S GOLDEN CASSIE**
Reg # (CKC, AKC, other): TN181751 Owner: ERB, NATHAN
OVC Case Number: N/A

I have reviewed the series of radiographs of the above-mentioned dog which you submitted when the animal was approximately twelve months of age.

I consider both coxofemoral joints to be within normal limits for a dog of this breed and age.

Flexed lateral projections of both elbows made on the same date are also considered to be within normal limits for a dog of this breed and age.

Thank you for referring this case for evaluation. If we can be of further assistance please contact us at 519-824-4120 ext. 54161.

Yours Sincerely,

S. Nykamp, D.V.M.
